AL-MUNEER PORTAL WEB APPLICATION

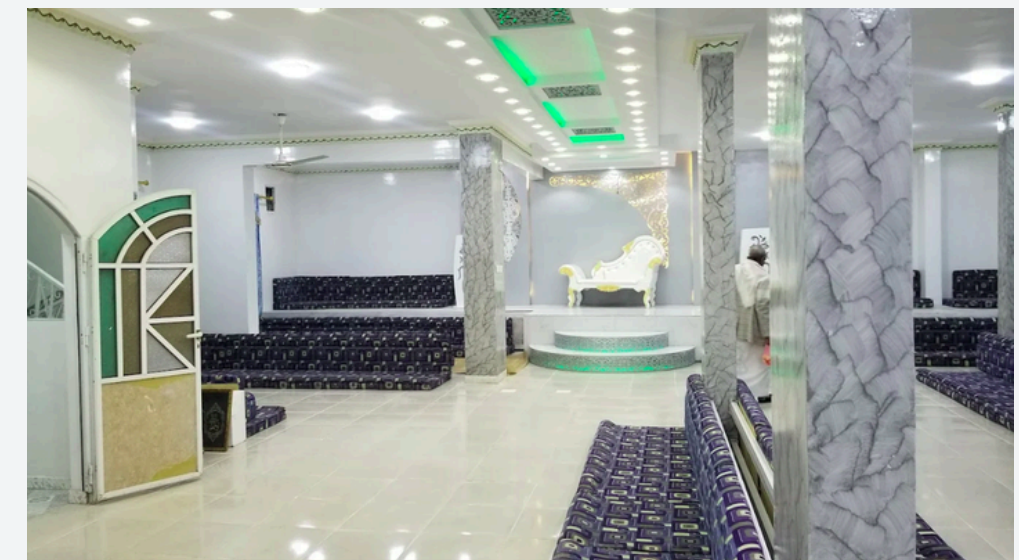

STUDENT: AHMED GHALEB (A21EC9120)

SUPERVISER: DR. MUHAMMAD LUQMAN SHAFIE

STAKEHOLDER: AHMED AL-MUNJID

AL-MUNEER HALL

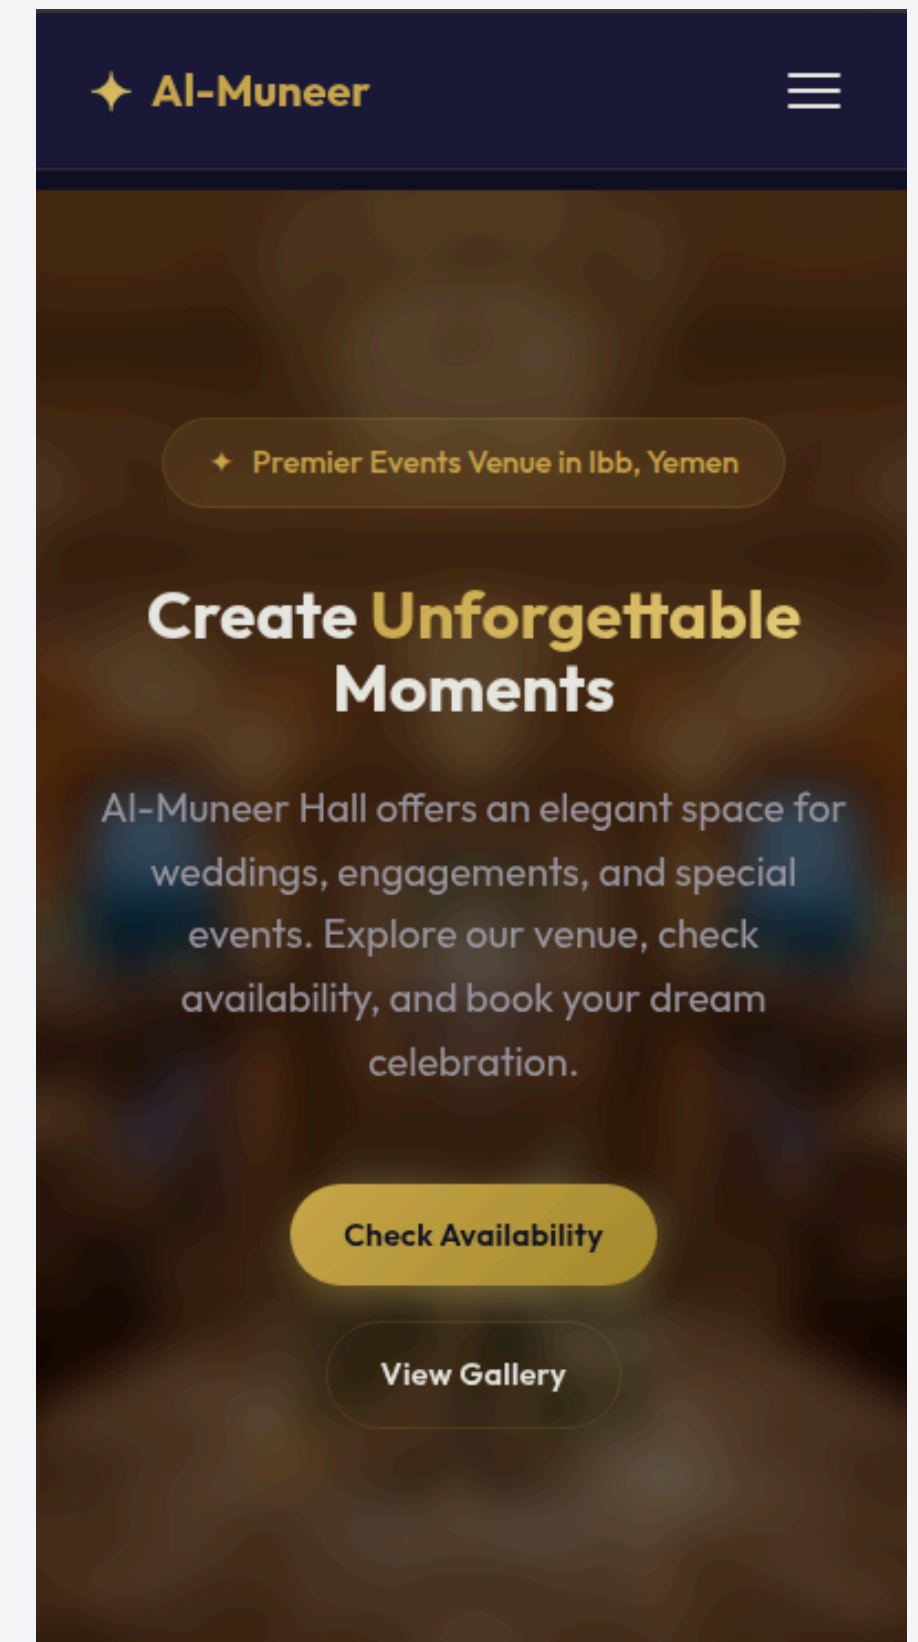

Al-Muneer Hall (قاعة المنير للأفراح والمناسبات) is a Premiere event venue in Ibb, Yemen, deeply embedded in local wedding traditions and community gatherings. Operating primarily through traditional, manual communication (phone calls and WhatsApp), the business is currently seeking a digital transformation to streamline its operations, handle high inquiry volumes, and better serve its culturally conservative community through remote accessibility.

AL-MUNEER HALL FOR WEDDINGS AND EVENTS - ONLINE PORTAL

Al-Muneer Portal is a monolithic, responsive web application designed to digitalize and centralize venue management for Al-Muneer Hall in Ibb, Yemen. The system aims to resolve the currently disorganized manual booking process by providing:

- A centralized platform for visitors to view venue info, check an interactive availability calendar, and submit booking inquiries.
- A streamlined workflow for offline payment proof verification.
- An administrative dashboard for content management, inquiry tracking, and verification processes.
- Admin-triggered visitor notifications via WhatsApp deep links.
