Supervisor (Suggestion& Comments)	- Dr luqman suggested adding shortcuts if the student prefers to but should also list a table of shortcuts - Yes, he agreed with switching back to MVC instead of splitting backend and front end (still MVC but split for no reason) - Yes, changes are expected in PSM2

SEMESTER: 25/26 2

TYPE: PSM 2

Date :21/4/2026 **Meeting:** 5

Student (Meeting Minute/ Achievements/ Activities)	30 Minutes PSM2 Progress 1 Demo
Supervisor (Suggestion& Comments)	- The overall system and use cases should be enough, though the implemented use cases in Demo 1 don't show much complexity for PSM level, especially from the visitor aspect. Dr Luqman expects to see more business logic implemented, not just a landing page and a login. - Dr Luqman would like to see the implementation of the new WhatsApp prefilled template approach that I'm going to implement due to the 3rd-party issue with SMS and WhatsApp automation.
Next Meeting Plan	I asked Dr. Luqman for a meeting after two weeks from this meeting. He said that at the time, he needs to check his schedule and he might be busy, yet he encouraged me to apply first.
